Diagram illustrating a cross-section of a road with a 10% slope. The road surface is divided into 10 horizontal segments, each 1 meter high. The total height of the road surface is 10 meters. The slope of the road is 10%. The diagram includes a scale bar at the bottom left indicating 0.00 meters. The right side of the diagram shows the profile of the road surface and the grassy embankment. The profile is labeled with elevations: 3.72, 3.85, 4.22, 4.21, 4.28, 4.13, and 4.04. A small car icon is shown on the road surface.
